

# LED FLOOD LIGHT

50W/80W/100W/150W/200W/320W

## Features

- ▶ High-Pressure Die-Casting Aluminum Case, External. Electro-Static Powder Spraying.
- ▶ Heat-Proof Silicon Gasket
- ▶ Tempered Safety Glass
- ▶ Adopt Professional Raster Lens, Light Utilization Efficiency Reach 80%
- ▶ Backside Gearbox, Helpful For Heat Release Of Electric Components

## Applications

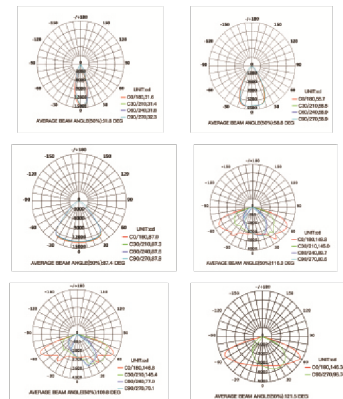

Illumination Of The Facade Of Building, Billboards, Parking Places, Grass Lands And Sculptures.

LED FLOOD LIGHT

LED FLOOD LIGHT

## Photometric Data

LED Brand	Philips
LED Type	Lumileds SMD3030
Lumen Efficiency	140 lm/w
Color Rendering Index	≥70
Total Harmonic Distortion	<15%
Beam Angle	30°/ 60°/ 90°/ TYPE II / TYPE III / TYPE IV
Working Temperature	-40°C ~ +50°C
Storing Temperature	-40°C ~ +65°C
IP Rated	IP66
Input Voltage	AC 100 ~ 277V
Power Frequency	50 / 60Hz
Driver Brand	Meanwell / Sosen
Power Factor	≥0.95
Life Span	≥50,000 HRS
Fixture Material	Aluminum Alloy
Working Humidity	15% ~ 90% RH
